TEN CENTS

--- Surely You Are Joking ---

(An Editorial)

"We need a repetition of the last eight years."

These were the words of Edmund Muskie, Democratic candidate for vice president, as he spoke Tuesday noon at Amarillo Air Terminal.

Surely not Mr. Muskie.

More than 200,000 casualties in Vietnam . . . an open faucet dripping, no flowing, American blood. Do we need a repetition of this, Mr. Muskie?

Young Americans, many of them mere teenagers, stacked like cord wood — victims of an enemy which the Democratic administration has given safe sanctuary above the 18th parallel—dead before they began to live.

Do we really need a repetition of this, Mr. Muskie?

Canyon relatives and friends this week are preparing Christmas cards for our youngsters in Vietnam. I do not believe they would agree with you that we need a repetition of the past eight years, Mr. Muskie.

You didn't mention Vietnam in your Amarillo speech, Mr. Muskie. Did you forget that there are beardless boys neck deep in mud and muck facing an enemy to make it possible for you even to run for office, Mr. Muskie?

Your running mate, Mr. Humphrey is billed as the candidate of peace. Yet, it is a fact, Mr. Muskie, that a Democratic President has presided over every major conflict in which America has been involved in this century . . . Woodrow Wilson, World War I; Franklin D. Roosevelt, World War II; Harry Truman, Korea; and John F. Kennedy and Lyndon Johnson, Vietnam.

Mr. Muskie, you scoffed at the Eisenhower years . . . years when our sons were not dying on foreign battle fields. We had no ships seized on the high sea. There were no North Korean incursions across the 38th parallel.

The past eight years have seen murder of Americans by North Korean communists in the truce zone and the final humiliation of having an American ship, the Pueblo, captured by North Korean pirates and her crew held prisoners while our government vacillates.

And you say, "We need a repetition of the last eight years."

Surely you are joking, Mr. Muskie.

Vote Split On Annex Jury Box

The first split vote in Randall County commissioners court in several months came Monday after an argument over who was responsible for a miscalculation in the size of the jury box in the court room of the new annex building.

Members of the court agreed that the jury box had been

designed too small to accommodate comfortable chairs for jurors.

Commissioner Bill Butler contends that the fault lies with the architects, Shiver and Megett of Amarillo.

Commissioner B.R. Jones argues that the responsibility lies with the court which approved plans for the jury box.

Commissioners voted to approve a change order enlarging the jury box at a cost of \$1,241. Commissioners Jones, Clarence Beckman and Glenn Dowlen voted for the measure while Butler voted no.

"It looks like a gross error on the part of the architects," complained County Judge Carroll Brown. Shiver and Megett of Amarillo are the architects on the new annex building nearing completion just north of the main court house building.

"The space allows only for opera chairs in there for people to sit in for days," the judge declared.

Jim Wilson represented the architectural firm.

"We visited courts where they were adequate," he rejoined.

"That's an awful small place for anyone to sit in for any length of time," the judge went on.

"It's built to stay and we'll just have to tear it out to change it," O.P. McDonald, job superintendent for John Moss

One Man Injured In E-Way Mishap

An Amarillo man was in critical condition in Northwest Texas Hospital Wednesday morning and another charged with driving while intoxicated as an aftermath of a rear end collision between a pickup truck and an automobile Tuesday night.

The accident took place about 7:30 o'clock 2 miles north of Canyon on the E-Way.

Western Days Set

Thursday and Friday, Nov. 7 and 8, will be proclaimed Western Days in the city of Canyon in connection with the West Texas State University Homecoming celebration.

These two days will also be Western Days on the campus of WTSU and anyone coming on the campus should be dressed in western clothing, according to Dr. Jack Walker, head of the arrangements committee.

The Canyon Chamber of Commerce and Canyon merchants will also sponsor a Western dance at 8 p.m. Wednesday in the Student Union Building. A western band will play for the occasion, according to Walker. Admission will be \$1.00 and Canyon citizens are invited, according to Roland Black of the Chamber of Commerce.

Poll Rides Available

Anyone who will need a ride to the polls next Tuesday should call Canyon Republican headquarters at OL-54771 or OL-54631.

Arrangements should be made through Friday of this week by calling either of these numbers between 6:30 and 10 p.m.

The headquarters is staffed by Young Republicans from West Texas State University.

Volunteers Needed For Card Signing

Volunteers are needed to help with the signing of the Christmas cards to be sent to Canyon servicemen in Vietnam and Korea from the City of Canyon.

The cards will be placed in the Jess Ford Co. Thursday and will remain there two weeks so that members of the community may sign them. The cards will be mailed Dec. 1.

Mrs. Gene Phelan said that only four persons had volunteered to stay with the cards while they are signed. Volunteers are needed to stay with the cards for short periods, she said.

Anyone interested should call Mrs. Phelan at OL-54754.

Twenty eight cards have been completed by Dr. Emilio Caballero, head of the art department at West Texas State University, and his staff.

The U.S. Flag adorned with Christmas bells and streamers of holly transmit traditional Christmas greetings while the verse relates the concern and interest of the citizens. Each card will also bear the seal of the City of Canyon.

Has Close Call In Train Crash

A young Canyonhousewife and her small son had a narrow escape Tuesday night when the late model car in which they were riding was demolished in a car-train crash.

Mrs. Gary Turner was unhurt and her son, Stephen Scott, 13 months old, suffered minor head bruises in the accident which took place at the Buffalo Lake Road Santa Fe Railway crossing a few feet west of Highway 87.

The mishap occurred about 9:40 o'clock.

Muskie Blasts Nixon In Amarillo Address

"We cannot entrust the country to a man like Richard Nixon," Senator Edmund Muskie, Democratic candidate for vice president, told about 600 High Plains party faithful Tuesday noon.

"It has been an uphill fight," Muskie said of the current campaign but then beaming he expressed confidence in ultimate victory Nov. 5.

Muskie connected Nixon with the Eisenhower administration and then charged that there were three recessions during the GOP administration costing America \$175 billion in lost production.

"They lessened our opportunities as a society," he declared. "That was the lesson of the 1950s. We cannot entrust the country to Richard Nixon."

The candidate said there have been 91 months of economic growth under Democrat administration during which increase in national product has increased \$364 billion.

"This has brought a better life for most Americans," he declared and went on to say that the investment in schools in this country has doubled during the latest Democratic administrations.

"This has created new opportunities," he declared and then said that the unemployment rate has been cut in half since 1960.

He charged that Nixon approved the policies of the 1950s under Eisenhower.

"We need a repetition of the last eight years," he concluded.

Congressman Jim Wright of

Fort Worth and Senator Ralph Yarborough were on hand to greet the Democratic candidate. On the speaker's platform also was Will Davis of Austin, Democratic state chairman.

Yarborough stared straight ahead as Davis read a telegram welcome to Muskie from Governor John Connally, the senator's implacable political foe.

Yarborough's face tightened into hard, grim lines as Muskie

Absentee Voting To End Friday

Friday is the last day voters may vote absentee by personal appearance and that absentee ballots may be mailed out.

As of noon Wednesday, 1,300 absentee ballots had been received in Amarillo and Canyon for Randall County.

This includes 958 in Amarillo, 99 in Canyon and 243 mailed-in ballots, according to Leroy Hutton, county clerk.

Young GOP Is Booted At WT

BY CARROLL WILSON
The Student Senate at West Texas State University revoked the charter Monday of the newly organized Young Republicans club on the campus.

The action came three days after the appearance at WTSU of Paul Eggers, Republican gubernatorial candidate.

The Senate, in pulling the YR charter, cited a rule formulated by the university's Administrative Council.

However, in action Tuesday afternoon, the Senate passed a resolution requesting the rescinding of the Administrative Council rule by the council.

The rule cited by the Senate states that political clubs may function on the WTSU campus for the purposes of providing information about their organization and can solicit new members by publicizing their organization.

"The electors so elected will cast their votes for Wallace and LeMay when the Electoral College meets," Hutton explained.

Hutton said LeMay could have been certified by the American Party for the ballot through October 16 but that American Party officials did not do so.

by Troy Martin FROM THE CANYON RIM

I was told by a teocal em-
ployee last week that the Demo-
cratic Party is the "poor
people's party."

It opens doors for the young,
it stimulates business and agri-
culture and particularly it cares
for the aged, he says.

Let's see how true these
statements are.

Hubert Humphrey takes cred-
it for Medicare and other med-
dling in the health affairs of
this nation.

Here's how it has paid off.
It costs a baby up to a third
more just to get born now than
it did when the Democrats took
office in 1960.

When our youngest son was
born in 1958, our hospitaliza-
tion insurance was fairly ade-
quate to foot the bill.

We recently welcomed a new
daughter into our home. The
delivery fee and maternity care
was \$150--doctors have held the
line on this charge. The hospi-
tal cost was \$221--this ser-
vice has zoomed skyward. We
paid \$171 out of pocket even
though we have one of the best
hospitalization insurance poli-
cies available. Companies which
will write full maternity cov-
erage are rare now, we are told
by hospital officials here.

Thanks at least in part to

Mr. Humphrey's meddling, ade-
quate health care is almost be-
yond the financial ability even
of middle class wage earners.

Mountains of paper work, ne-
cessary for dealing with the
Department of Health, Educa-
tion and Welfare, plus spiral-
ing inflation during the past
seven years have skyrocketed the
cost of running a hospital.

People of modest income--
except those whose bills are
paid by government--now
usually seek medical help at the
cost of considerable hardship.

Have the Democrats really
been the friend of the farmer?
Agriculture is in trouble as any
farmer will tell you. The ad-
ministration has manipulated
surplus and export at the ex-
pense of the American farmer.

What he sells has no parity
with cost of the equipment he
must buy to operate his farm.

In spite of this, Canyon
housewives will tell you that
the cost of living is rising at a
frightening rate.

Senator Jack Miller of Iowa
told the Senate in June that
inflation has added \$100 bil-
lion to the cost of all pur-
chased goods and services dur-
ing the past seven years.

Let's look at the Democratic
Party as the helper of the

aged.

I don't know of a government
pension that is adequate to sup-
port the old folks who draw
it. They had depended upon
earnings of their youth, saved
to supplement their social se-
curity in their declining years.

Inflation has dealt them the
most cruel blow. It has ston-
en \$32 billion from personal
savings since John Kennedy was
inaugurated in January of 1961.

It has devalued life insurance
and pension reserves by \$30
billion and has dehydrated the
value of government bonds by
\$15 billion.

Even those who attain mod-
est wealth by the advent of
their golden years cannot ex-
pect to live in security on the
earnings of their capital.

Take for instance a man who
has \$200,000 in the bank at
the age of 65. If he is shrewd
and lucky, he may be able to
invest it at 6 percent. Theoret-
ically this would bring in

\$12,000 a year but all the time
a 4.5 percent rate of inflation
in gnawing away at his nest
egg to the tune of \$9,000 a
year. Tack on another \$2,000
for federal income tax and he's
worse off than when he start-
ed.

The foregoing is not a dis-
cussion of personalities. Hub-
ert Humphrey has tried to
couch his campaign in per-
sonalities in order to avoid the
issues. What we have cited
are cold hard facts. They're
in the book. . . .

It tickles me.

A friend of mine reports
that Dick Brown, candidate for

Congress from this district,
told a small crowd at the Pan-
handle town of Miami recently
that he would never bring ridi-
cule to his district by wear-
ing a pair of cowboy boots into
the halls of congress as his
opponent Congressman Bob Price
has done.

Now Miami is a cowtown.
Seven men were present. All
seven were wearing cowboy
boots.

"Well, I never voted Repub-
lican in my life," my infor-
mant quotes one of the cowboys
present as having said. "But
since cowboy boots are an issue
in the campaign I can't vote
against cowboy boots so I'm
voting for Bob Price."

Don't be shocked if there are
some surprises in the guber-
natorial election next week.

A lot of people who support-
ed Don Yarborough last spring
will be casting a protest vote
for Paul Eggers. I know sev-
eral liberals here in Canyon who
say they are going to do just
that.

If this comes about, Eggers
will run the strongest race ever
mounted by a Republican candi-
date for governor.

CROP Drive Nets \$320

The CROP (Christian Rural
Overseas Project) sponsored
by the Canyon Christian Youth
Council Tuesday night netted
about \$320, according to a re-
port from Hal Owen, CCYC
president.

The sponsoring CYCC is a
non-denominational group of
high school youths.

"Blithe Spirit," the first
drama production by Canyon
High School will be presented
at 8 p.m. Thursday and Sat-
urday, Nov. 7 and 9, and at
2 p.m. Sunday, Nov. 10.

Admission will be \$1 for

thought people needed some-
thing to provide just good en-
tertainment, Dunahoo said.

The Canyon production of the
play will be updated from 1941,
he said.

The play is about a novel-

Our World

OUR WORLD
BY ANN BROWN

Politics makes strange bed-
fellows--and strange enemies.
The voters accept as natural
political expediency a liberal
candidate for the presidency
choosing a conservative running
mate.

And one must admire a De-
mocrat who votes for a Re-
publican statesman instead of
a Democratic demagogue, or a
Republican who prefers an ho-
nest Democrat to a dishonest
Republican.

But when the Communist
Party U. S. A., notorious for
its stand on atheism, seeks to
enlist the support of The Na-
tional Council of Churches on
the grounds of their "almost
identical" aims, that's too
much!

If the National Council does
have aims similar to the com-
munists, one can be sure the
churches have changed their
ideals--not the communists.

Communists have never
wavered in their goal of world
conquest, nor have they hesi-
tated to declare that they will
use any means at their disposal
to attain that goal.

"The issue of Godlessness is
dead," says the Daily World,
the publication of the Com-
munist Party U. S. A. The
Daily World goes on to declare
that the aim of the liberal
church and the Communist Par-
ty is social and economic equal-
ity for the masses. (The fact
that the communists had to give
the masses poverty to give them
equality seems to be irrele-
vant.) The editor implies that
faith in God--or the lack

of faith--is simply immaterial
to the Communist Party's
standing with the Council. In
an exclusive interview with the
N. C. C., Gus Hall, National
Secretary of the Communist
Party U. S. A. said, "Com-
munist goals are almost iden-
tical to those espoused by the
liberal Church. . . . A Social-
ist State can indeed happen in
this Country there's no doubt
about it. We can live together
in a Socialist nation."

If social and economic equal-
ity is the purpose of the Na-
tional Council, then the church-
es that compose the Council
have surely forgotten their di-
vine commission in Matt.
28:18-20.

Before we destroy ourselves
in the pursuit of equality, it
might be profitable to re-
member that not all people have
the same social ambitions, nor
are they willing to earn econ-
omic independence. And any-
thing a man acquires that he
does not earn is not likely
to be beneficial to him, nor
does he usually keep it very
long.

Many American politicians
seem to have forgotten that
this mighty nation was founded
on free enterprise, individual
initiative, and the right to be
different.

The Daily World would lead
its readers to believe the N.
C. C. is a friend and ally of
communism, and George Wal-
lace is its greatest enemy.

In every issue, the American
Party candidate for President
is denounced with greater ve-
nom.

The editor of the Daily World
warns that the election of Wal-
lace would forever destroy the
American way of life. Hasn't
the destruction of individual in-
dependence been the commun-
ists' perpetual goal? Why are
they so violently opposed to Mr.
Wallace if they really believe
he shares their ambition to
destroy Americanism?

Strange enemies indeed.

Re-Elect Bill Money

Democratic Candidate
for
Tax Assessor-Collector
Randall County

I am a property owner and taxpayer in Canyon and Randall County.
In fact, I am the third generation of the Money family to live here and
own property. Your problems are my problems.

I have resided in both town and rural sections of the county, and I am
familiar with all tax properties on the tax roll. This is my home, and I
intend to continue to live here in the future.

During my tenure of office, I have seen Randall County grow from a
1950 population of 13,474 to 57,999 in 1967. The duties and responsi-
bilities of the tax office have increased accordingly. It has become a
tremendous business.

My staffs, both in Canyon and South Amarillo, are experienced and
informed concerning tax records and laws. They strive to serve the
public efficiently and courteously at all times.

RE-ELECT THE MAN WHO KNOWS YOUR TAX PROPERTIES AND YOUR TAX
PROBLEMS. THERE IS NO SUBSTITUTE FOR EXPERIENCE.

Mrs. Turner lost her shoes. She pulled her child from the wrecked car and tried to find some of the train crew. Unable to do so, she took the baby and ran barefoot a quarter of a mile to the home of Bob Sanford and asked him to take her and the child to the hospital in Canyon.

Sanford, an employee of Texas Hog Company, loaded the mother and baby into his pickup and started for Canyon.

In the meantime, trainmen had stopped the train and radioed the Randall County Sheriff's Department for an ambulance. They inspected the automobile wreckage and finding no one, feared that the occupants were somewhere under the 135-car freight train.

Sanford arrived at the intersection about the time a LaGrone ambulance from Canyon pulled up. Mrs. Turner and Stephen were transferred to the emergency vehicle to complete the trip to the hospital.

Stephen Scott had sustained minor bruises about the head. Mrs. Turner, who had traversed a quarter mile of fairly rough ground barefoot, had not suffered so much as a scratch, not even a laceration of her feet.

M. D. Barry, Slaton, was conductor on the Santa Fe freight which was more than a mile in length. He said the crash occurred about 9:40. He was in the caboose and it was 10 minutes before he got to the intersection after flagging a ride with a motorist on nearby Highway 87.

E. Morgan was engineer on the train. Barry said Morgan saw the automobile on the track and applied the brakes but was unable to stop the train before the impact.

The Turner auto was hurled about 60 feet from the point of impact before it came to rest.

The Turners live at 1710 First Avenue in Canyon. Turner is associated with First National Bank in Amarillo.

Melvyn Jones, 26, Amarillo, also an employee of the experiment station. He was hospitalized overnight at Neblett Clinic and released early Wednesday.

Driver of the car was identified as Ralph Baxter Bird, 20, Amarillo, a West Texas State University student.

Officer Bill Harvill, highway patrolman who investigated, said that both the pickup and the car were traveling north on the E-Way when the auto struck the rear end of the pickup truck.

The pickup overturned three times. The car careened on up the highway and finally went through a barbed wire fence coming to rest in a field 261 yards from the point of impact.

Both vehicles were demolished.

Bird was charged with driving while intoxicated and entered a plea of not guilty upon his appearance in county court before Judge Carroll Brown. He was released from custody after posting a \$1,000 bond.

MUMPS VACCINE IS NOW VERY EFFECTIVE

Many people who rightly fear the effects of mumps, evidently do not know how easily it can be avoided. Mumps are more dangerous than people thought in past years. If a man of reproductive age gets this disease, the possibility exists that it can settle in the reproductive organs and cause sterility.

Many adults have forgotten whether or not they had mumps as a child. There is now a positive action skin test which will tell your physician. For, if you have not had mumps then the mumps vaccine is a "Must." It can prevent much potential harm.

Choristers Qualified

Seven Canyon High School students have qualified for positions on the Texas All-State Choir, and according to Miss Linda Adams, CHS choir director, it's a record number of qualifiers.

The seven all-state qualifiers, along with seven other CHS members, also qualified for the All-Region Choir.

Auditions for both choirs were held last weekend in Dumas, with more than 300 choir students in competition for the honors.

The seven who placed in the All-State Choir, were first-tens, Buddy Roland, Gene Morrison and Mike Shapley; second tens, Hal Owen and Jerry Landrum; and basses, Barry Cox and Terry Landrum.

Those who gained a place on the 64-voice All-Region Choir were first soprano, Candy Carpenter; second soprano, Armetha Lindley; second alto, Judy Roland; first tenor, Noble Cates and Tom Callerman; and baritones, Charles Hughes and Pokey Haines.

For the Saturday audition, each competitor from Canyon performed two Latin numbers.

The All-Region Choir will perform Dec. 6 and 7 in Dumas, under the direction of Dr. Douglas McEwen, head of the choral department at the University of New Mexico at Albuquerque.

The All-State Choir will perform in February in San Antonio.

Mrs. Biffle To Teach

Mrs. June Biffle of Alaska will begin teaching third grade in Rex Reeves Elementary School Friday to replace Mrs. Butch Albers.

Mrs. Albers and her husband who is a Texas Ranger have been transferred to Midland.

Mrs. Biffle and her husband are in Canyon for a year while he attends West Texas State University. Mr. and Mrs. Biffle are teachers in Alaska.

Moore Speaks At Conference About Theatre

Bill Moore, in charge of the drama department at West Texas State University and director of the production "Texas," was one of the speakers at the Southwest Theatre Conference held in Baton Rouge, La., Friday, Saturday and Sunday.

Moore's topic was "Theatre al Fresco" and he discussed "Texas" and the training available to students through such productions.

A display of pictures from "Texas" was also shown at the conference.

Others attending the conference from this area were Mrs. Moore, Neal Hess of Amarillo who is choreographer for "Texas", James Timmerling, technical director for "Texas", and his wife.

Eagles Meet Dumas Friday

The Eagle Varsity squad will meet Dumas this Friday at Dumas when the Eagles hope to rebound from last week's 46-0 loss to Hereford.

The Eagles will face a strong, quick team when they tangle with the Demons. The Demons are traditionally a good ball team and will present a big challenge.

Dumas runs from a slot T offense in order to allow their quarterback to have full range of the backfield. They have a tough rushing defense that will be hard to stop. Their offense centers around halfback Armando Casas a fast and powerful boy.

Dumas again will have a definite weight and size advantage over the Eagles along with a wealth of experience.

Coach Dunny Goode has finished the grading of the last game films.

Gary Schrib graded a 72 on the films and was cited by Coach Goode as his best of offensive player.

Gary is a steady performer who plays well in every ball game.

Another boy who the coach feels has played well all season is Chris Hull who scored an 84, the highest on the offense.

Other boys who were mentioned for having passing grades on the films were Lon Connors and Rick Thompson on offense.

The defense was lead by Andy Hanson with 85 and considered by Coach Goode his best player on defense.

Sandy Hair scored a 71 Steve Russell 80.

Gary Moore 81, Craig Parker who played an exceptional game at defensive end had a 75.

Richard Podzemny had a 73 and Doug Hooker a 70. Cal Yarbrough lead the Eagles in tackles with 5 and in assists with 5.

Game time Friday is 7:30 p.m.

Buff's To Las Cruces For Saturday Contest

West Texas State attempts to rebound against its second loss of the football season Saturday night when it faces New Mexico State in the Aggies homecoming game in Las Cruces.

The Buffs, who fell to Utah State 20-10 last week, will go against the nation's sixth leading ground gainer in Aggie freshman Ron Poe James. The 6-foot, 195-pound halfback has carried 127 times for 751 yards in 6 games for 50 points and a 6.2 yard per carry average.

Last week in a 27-13 victory over Northern Illinois, James, who has rushed for over 100 yards in each game this season, carried the ball 24 times for 123 yards and one touchdown.

In the defeat to Utah State, West Texas' All-American candidate Eugene "Mercury" Morris was held to 52 yards rushing for the second time this season -- the first coming in the 42-21 loss at Memphis State.

The Buffalo halfback now has a 1,114-yard total through seven games. Morris is the nation's leading collegiate ground gainer, followed by Southern California's O. J. Simpson with 980 yards.

Morris, who last week was 10th in the nation in total offense, also caught one second-half pass in the Utah State game for 43 yards to bring his season total to 13 receptions.

Morris is again tied with Simpson for the national scoring leadership, each having scored 14 touchdowns for 80 points.

New Mexico State, which has not lost a home game in 19 consecutive outings, will have a defense spearheaded by 6-foot, 197-pound linebacker Kelly Olive and 270-pound senior guard Ruby Jackson. Olive, a three-letter senior from Baytown, Texas, led the Aggies in defensive statistics the past two seasons.

Seniors Loy Hayes and Tony Field pace the defensive back group for the Aggies.

Roy Gerela ranks 14th in the

nation in punting. He has a 41.5 yard average on 26 kicks. Roland Reichardt leads West Texas' punting with a 40.5 average on 43 kicks.

The West Texas rushing offense, ranked fifth in the nation a week ago, is headed by Morris and fullbacks Duane Thomas and Albie Owens. Thomas now has 494 yards on 81 carries for a 6.1 average. Owens has a 4.4 yard per carry average for 320 yards and 72 carries.

Thomas, Jones Are Top Backs For Buffs

Duane Thomas and Byron Jones were named outstanding backs in the West Texas State University-Utah State game by head coach, Joe Kerbel, at a meeting of the Buffalo Touchdown Club Monday night.

Troy Anderson was named top linebacker and Jesse Powell was named outstanding defensive lineman.

Speaking of the Saturday night

JVs Change Schedule

The Eagles' Junior Varsity team prepares for their next opponent this week. Coming off a victory over Clarendon 44-0 this past Saturday the young Eagles are ready for their next game Thursday night against Hereford. This game was originally scheduled against Tulia but has been cancelled.

The Eagles are really working hard for this next clash since Hereford represents a good conference team that they will be playing in future Varsity competition.

Coach Goode feels the Junior Varsity can win if they really try hard.

This game will be played here in Canyon Thursday night at 7 p.m.

Aggie game, Kerbel said "all the boys did well," but cited fumbles as a major problem. He said in the last two Buff games, there have been 13 fumbles.

He said he feels the team "hasn't really gone out whole hog all year."

Turning then to the upcoming game with New Mexico State University, Kerbel said NMSU has not been beaten in the past two seasons on their home field. Saturday's game will be homecoming for the New Mexico team.

Powell, when asked of his impression of the NMSU game, said "it'll really be tough." He said the New Mexico team has "two good big tackles," and "two real good backs."

Thomas said the Buffs will have to "really knock them down," to beat the New Mexicans.

Next week, at the touchdown club meeting, local members will meet with members of the Amarillo touchdown club, area high school coaches and players, the entire Buffalo squad, the squad of the undefeated Canyon Cowboys of Kids Inc., and other Buff boosters to view the full WTSU-New Mexico State game.

The meeting will be at the Olympic Theater in Canyon.

CYNTHIA GERALD

Miss Gerald To Compete For Centennial Honors

Miss Cynthia Ann Gerald, 21, West Texas State cheerleader, will represent the university in the Miss College Football Centennial Queen competition.

The 5-foot-8 beauty is a physical education major and plans to teach physical education in high school or college upon being graduated by the university in another year.

Miss Gerald, second oldest of five brothers and sisters, attended Canyon High School and participates in basketball, volleyball, swimming, softball and track.

She has been a swimming instructor and a life guard and has worked at a summer camp in New York State for underprivileged children.

The Miss College Football Centennial Queen competition is sponsored by the National Collegiate Athletic Association and the Chevrolet division of General Motors.

The queen will reign over the 100th anniversary of college football in America next year.

Cowboys Are Undefeated

The Canyon Cowboys have completed an undefeated season on a winning note by downing the Maverick Club of Amarillo 30-0 on Sunday afternoon here in Canyon.

Billie Jack Wright led the team with two touchdowns and two conversions.

Hoss Ratliff and Donnie Patchin each scored one touchdown while Mark Sullivan added a conversion.

The Cowboys also scored a victory last Thursday against a team from Hilltop. Billie Jack Wright again led the scoring parade with two touchdowns. Allen Sharkles, Donnie Patchin and Hoss Ratliff added one touchdown each to the victory. Ratliff and Patchin scored two conversions to finish off the scoring as the Cowboys won 38-0.

The Cowboys are coached by Mike LaGrone and Tom Callarman who have done a fine job in leading the boys to an undefeated season. The Cowboy defense allowed only one touchdown all season.

By recording an undefeated season and showing such an impressive record on defense the Cowboys will be strong contenders to receive a bid to the Toy Bowl. The Toy Bowl is an honor awarded to the team that has shown the best sportsmanship throughout the season.

WT Soccer Club To Meet Tech

The West Texas State University Soccer Club will meet the Texas Tech Soccer Club Saturday in Lubbock.

The WTSU club will practice today and Friday for the event, which will be one of the first games for the club with a major college team.

14 Amendments On Ballot For November Elections

Fourteen proposed amendments to the State of Texas Constitution will go to the voters Nov. 5 when balloting in state and national elections is held.

The amendments deal with everything from reduction of tobacco taxes in Texarkana, Texas, to exemption from ad valorem taxes for equipment installed on real property to eliminate or stifle air and water pollution.

Amendment five provides that members of the Texas Legislature receive a salary not exceeding \$8,400. Present salary is \$4,800. The amendment also calls for retaining the current per day allowance of \$12 but paying it for 140 days of each regular session rather than 120 days as now provided.

It also provides that the allowance of \$2.50 for every 25 miles going to and from Austin be extended from one round trip per session to one round trip per month during regular session.

The Legislature is given authority in amendment six to exempt from ad valorem taxation equipment installed to eliminate or abate the harmful effect of air and water pollution, provided the equipment complies with air and water quality standards of Texas.

Amendment seven calls for the continuous reduction of state ad valorem property taxes and the abolishment of all state ad valorem property taxes after Dec. 31, 1978, except the tax levied for certain institutions of higher learning. The gradual abolition of ad valorem taxes would not include the 10 cents per \$100 valuation for college and university building programs. The state ad valorem tax providing 35 cents per \$100 for support of public schools would be diminished at the rate of 4 cents per year beginning this year through 1974.

Proposed amendment two calls for raising the limit on the amount which may be expended in any year from state funds for public assistance payments from \$60 million to \$75 million.

The power to authorize cities and counties to issue revenue bonds for industrial development purposes would be given the Legislature if proposed amendment 12 passes. The bonds would be repaid through lease payments made by industry, and any property acquired

from the proceeds of such bonds would be subject to ad valorem taxes.

Amendment 13 would exempt certain property temporarily stored in a public warehouse from ad valorem taxation. The exemption would be granted provided the warehouseman has no financial connection with the owner, shipper or consignee other than as a bailee for hire; that the property is shipped to or from the warehouse by regulated or bona fide private carrier; that the property is held no longer than six months and has an out-of-state destination; and that the records relating to out-of-state shipments are available for inspection by proper taxing authorities.

The authorization of Dallas County to issue bonds for the construction, maintenance and operation of macadamized, graveled or paved roads or turnpikes would be provided in amendment four. The amendment would require only a majority, rather than a two-thirds vote of the resident property-taxpayers and would provide that bonds already issued or to be issued would not be included in the debt limit.

Amendment three would broaden the investment authority of the Board of Regents of the University of Texas System in managing the Permanent University Fund by removing the 50 per cent limitation on the amount of the fund which may be invested in corporate stocks and bonds, by lowering the qualification on dividend payments required for stock eligibility from 10 to five consecutive years immediately preceding the date of purchase, and by broadening the class of permissible investments to include any obligations issued, insured, or guaranteed in any manner by the United States government or any of its agencies.

Contributions on the basis of six per cent on the full salary of members of the Teacher Retirement System would be provided for in amendment nine. As now provided, contributions may not exceed \$504 per year, or six per cent on salaries up to \$8,400. Many public school teachers and most college teachers, now receive a salary of more than \$8,400. Legislative action will still be required to amend the statutes in order

to permit a school employee to make the additional deposit and to have his retirement benefits calculated on the higher salary.

Amendment 11 would provide for the consolidation of governmental offices and functions of government of any one or more political subdivisions or of located within El Paso or Tarrant Counties. This would require an election within the political subdivisions affected.

Amendment 14 would modify present restrictions on the eligibility of members of the legislature for other state offices during their legislative terms. The amendment retains the same language which is used in the present section but adds a phrase which says that if terms end after the first day of January (when terms to other elective offices begin) these days will be considered de minimis and the ineligibility will terminate on the last day of December.

Provision for the refund of tax on cigars and tobacco products sold at retail within Texarkana, Texas, or any town contiguous to Texarkana in Texas is given in amendment 10. The amendment would permit Texarkana to compete with Texarkana, Ark., where most tobacco products may be bought at a savings.

Amendment one establishes the Employees Retirement System of Texas, up to now a statutory agency, as a constitutional agency. A state board of trustees would be responsible for operation of the system. The legislature is also granted authority to increase the amount of state matching funds contributed to the State Retirement, Disability and Death Compensation Fund for officers and employees of the state from the present five per cent to a maximum of six per cent.

Amendment eight would delete certain references in the constitution to "fuel used in the legislative and other departments of the government" and "repairing and furnishing the halls and rooms used for meetings of the legislature and its committees" from present contract requirements and relieves state officials from the requirement of approving all such contracts. The original section was placed in the constitution in 1876.

Junior Highs Win Two, Lose Three

Bill Moore going over for the extra point.

They also lost to Boys Ranch 42-12. In this game Matt Hanson scored two touchdowns to lead the Eagles.

The Seventh grade White team scored a victory over Plainview 18-6 last week. The score-

ing for the White team was done by Jeff Carlile with one touchdown and Dennis Collier scored two.

The next game for the White team will be against Tulia at Tulia at 5 p.m.

The Purple will play today at home against River Road.

A vote FOR Amendment 9 will permit career teachers to improve and strengthen their retirement programs.

Teachers will be allowed to contribute to the Teacher Retirement System on the basis of full salary earned each year during their tenure of professional service to the school children of Texas.

Approval of Amendment 9 will ATTRACT the best qualified college graduates into teaching. Experienced teachers will be assured the security needed to HOLD them in the classroom.

All activities, it says, outside of club meetings, must promote the club as a campus organization and must not deal with personalities.
The Young Republicans, advertised last week before the speech by Eggers through the use of posters which included only the name of, and not the office sought by Eggers.
The YR charter was okayed about three weeks ago, and at that time, the Senate told the club that they must abide all the rules including those of the Administrative Council and Texas State Senior Colleges.
In Tuesday's meeting, Dr. T. Paige Carruth, dean of student life at WTSU, told Senators that he feels the Young Republicans violated no rules of the Administrative Council or the regents.
Carruth proposed the original Administrative Council rule in 1966.
"If I were rendering a decision, I don't think the Young Republicans violated the ruling on this," he said. "I'm not saying some things weren't violated, but the YRs weren't responsible."
Carruth said John Mann, president of the YRs, had cleared all publicity concerning Eggers' visit with him.
"If you want to revoke a charter," he said, "revoke mine, because the YRs were doing exactly what they had clearance from my office to do."
Carruth also said the Administrative Council ruling has since become outdated because the regents' rules have been updated.
Therefore, he said, the Council rules are not really necessary.
The Senate's Tuesday resolution stated that since the ruling of the Board of Regents in 1966 concerning political groups on campus is more modern than that of the Administrative Council, the Senate requests that the Administrative Council rescind the rule.

Judge Brown and Commissioner Butler contended that the architect should have known that opera chairs would not be adequate for jurors and should have provided space for more comfortable swivel chairs.
"An architect does only what you tell him to do," declared commissioner Jones. "I've never had one force anything off on me that I hadn't approved. You've had the plans available to you since they were drawn."
"To my knowledge this was satisfactory to start out with," said Wilson.
"You must not have consulted anyone who knows about district court rooms," said the judge.
"It's our responsibility," offered Commissioner Jones.
"I disagree," said the Judge Brown. "What's an architect for if he is not to see that the plans will do the job?"
"I thought that's what we hire architects for," said Commissioner Clarence Beckman.
"Well, the plans called for opera chairs and now Judge Brown decides we need swivel chairs" declared Jones.
Judge Brown said the change order and approval of an additional \$1,241 expense on the court room jury box does not close the issue. He said affixing responsibility remains to be decided.
In other business the court accepted a bid of \$177.71 by Buffalo Book Store for a chair for Justice of the Peace W.W. Hancock.
The court approved running a public notice that computers at Killgore Research Center will be tested at 10 o'clock Saturday morning as a prerequisite to their use in counting the votes in next Tuesday's general election.
Bill Wilson, who is court house building superintendent, said Emilio Caballero has

agreed to assist in beautification of the court house grounds with works of art which will cost about \$590.

A Full-Time Judge For a Full-Time Job
C. N. COSBY
REPUBLICAN CANDIDATE FOR COUNTY JUDGE RANDALL COUNTY

PERTINENT POINTS TO PONDER
Most county judges in the Panhandle are laymen, not lawyers.
A license to practice law does not guarantee the fitness of a person for the office of county judge.
The qualification most needed in a public official is a determination to DO the things he knows he should, and NOT DO the things he knows he shouldn't.
A comprehensive knowledge of law is available to anyone who will diligently apply himself to the task of studying it.
Furthermore, legal advice and counsel is provided for county judges by district and county attorneys.
PERSONALLY SPEAKING
If elected to the office of Randall County Judge, I pledge to you the voter, a full-time service.
I have no private law practice or business involvement to claim my time or call me from a post of duty.
I have worked hard to merit your confidence, I will do no less to keep it. I do not intend to "let you down."

CHRISTIAN FOR STATE REPRESENTATIVE

Tom Christian, his wife Anne, and their three children, Frances Anne, Joe Tom and Richard William live southwest of Claude. As a Church School Superintendent and president of Methodist Men, Tom has devoted much time to his family, his church and his community.

As a scholarship graduate of West Texas State University and while in the Navy as a member of the U. S. Navy Ceremonial Guard, Tom Christian has earned many honors and has been recognized for his leadership.

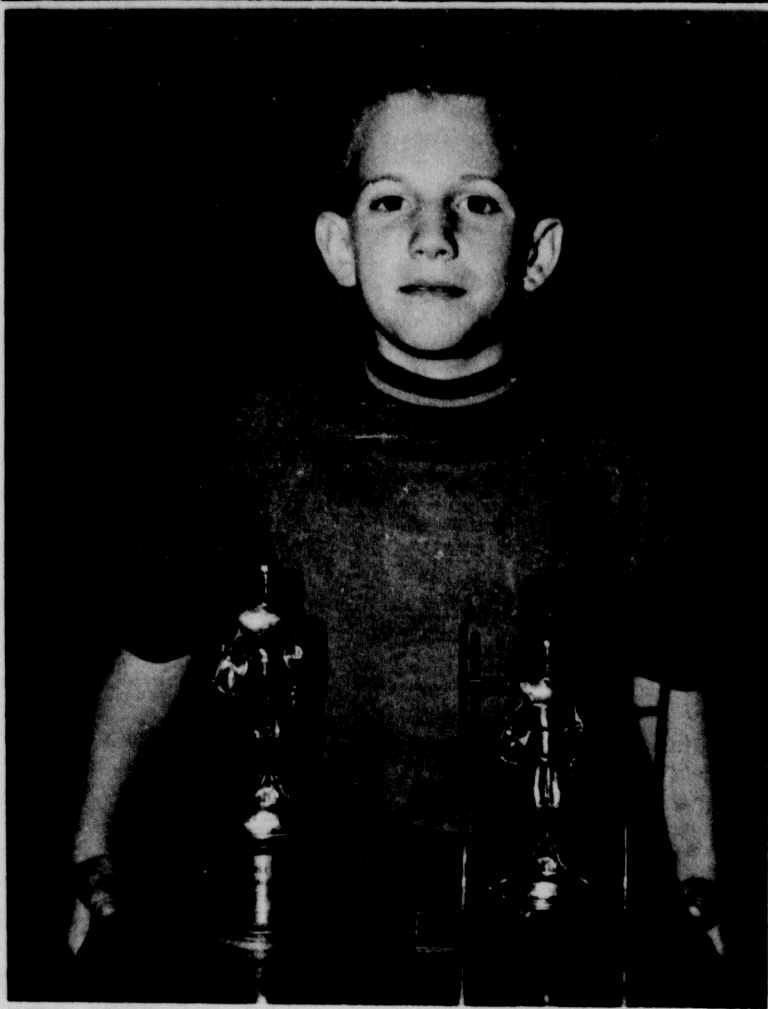

Tom Christian, an Armstrong County farmer-rancher, is an advocate of strong state government based on a common sense fiscal policy, sound law enforcement designed to protect the people not the lawbreakers and is opposed to a state income tax and stands for reduction in waste and an increase in efficiency in state government.

Tom Christian is a sportsman with a vital interest in the canyon area. Tom has worked hard to organize the nationally famous Palo Duro Shooting Preserve and to introduce Auadad Sheep to the canyon. It is becoming a major tourist attraction drawing people from all over the U. S.

His inspiration to the young people and his experience as a teacher and coach qualifies Tom Christian to construct legislation related to education. He believes in a strong educational system and local control of the schools.

The Panhandle of Texas is known for its vitality and energy. Tom Christian offers an active and fresh approach to the legislative logjam of obsolete and ineffective bills and bureaus. Tom Christian can represent the people without previous commitments and owes his allegiance to no one.

Pol. Adv. paid for by Christian for State Rep. commit. Weyman Brown, Chairman

Paris Rive Gauche Present French-English Varieties

BY MONICA HEIMAN

The 1968-69 Community Concerts series opened here on Saturday night with an unusual program for this area. Five very talented performers from Paris, via New York, Austin and points between, gave "Paris Rive Gauche," a two-hour show in French and English show in French and English.

The Left Bank of the Seine was represented by sophisticated Beatrice Arnac, star of her own one-woman show; Bernard Haller, sometime stage partner to Marlene Dietrich; Jacques Marchais, nightclub and TV singer with a beautiful dark-brown voice; and Paul Villaz, ex-university professor and now student of the absurd.

At the piano was Michel Villaz, always in great demand as an arranger for many French vocalists when he is not on tour.

An audience of approximately 450 people came from all over the area. Visitors from New Mexico were using their Community Concerts membership privileges. Friends from Happy and Amarillo met in the lobby of the Canyon High School auditorium.

The experienced actors took everything in their stride. They realized they were communicating better with their audience in the second half of the show when the solo acts had more pantomime and some verses of the songs were in English.

Manager Gary Garth, a New York actor in his own right, explained that a show is arranged for each tour and is not changed until the next year. If the show does not vary, the acts were so varied that there were enough skills displayed to interest everyone.

Beatrice Arnac is skilled in mime as well as being a dancer and singer of folk songs. The men were "hams"; Bernard appealed particularly to the children with his non-blinking, robot-like version of a moveable shop window dummy who almost fell off the stage.

Paul, the least like a water-lily of the group, almost convinced us that he could substitute for a flower. Jacques set XVI century poems to music and accompanied himself on his guitar.

Reactions varied from: "I have never been so bored in all my life!" to very appreciative remarks from children who were able to sense the story behind the actions, even when they were not able to understand the words.

"I can't understand them, but they sure are good!" For those who understood any French at all, there was a wide range of entertainment, from traditional folk songs to topical allusions concerning the present French government.

The troupe was philosophical about soar throats and threatening colds. They were particularly appreciative of the reception given them both in Canyon and in Amarillo.

Members of the Amarillo-Canyon branch of the Alliance Francaise helped entertain. The people from France found it very easy to relax and enjoy themselves at a luncheon—beautifully prepared French cuisine—or in Palo Duro Canyon—taking photos of Charles Goodnight's dugout. As professionals they were interested in trying out the accoustics at the Amphitheatre. On the way back to their motel, however, they insisted on stopping at the nearest florist's shop to order flowers for their hostess of the morning.

After engagements of the West coast, in Chicago and the Middle West, the five will return to Paris. When they discovered that one of their hosts did not get to Paris more often than every three or four years, Jacques said, with feeling: "Imagine not seeing Paris for three or four years!"

Canyon Community Concerts series offers members a program on Thursday, January 9th, given by Jaime Laredo the violinist, and duo-pianists, Jeffry and Ronald Marlowe, on Sunday, January 19th, as well as the area concerts available by reciprocity.
